

# TBN SECOND CHANCE

A TBN Networks Correctional Facility Initiative

FREE faith-based rehabilitative TV programming helping to rebuild inmate lives and reduce recidivism

## OUR MISSION

TBN Second Chance is a faith-based initiative dedicated to ministering hope to the thousands of men and women incarcerated across America. We want to offer inmates a second chance to make good choices by providing positive, life-affirming television programming 24 hours a day.

## YOUR CHOICE

Each facility may choose to receive up to four different TBN channels that provide a mix of cross-generational, cross-cultural and multi-denominational viewing opportunities for inmates.

## FOUR OF OUR NETWORKS CAN SERVE A DIVERSE PRISON POPULATION AS FOLLOWS:

**TBN's Flagship Network** is America's most-watched and most-requested faith-based channel. TBN's 24-hour format combines religious teaching programs with a variety of music, talk, health and news-based programs, along with exclusive movies and special features. *(for general inmate population)*

**The Church Channel** features some of the best speakers and teachers from the Protestant and Catholic faiths. It offers 24-hour hope and inspiration through televised church services and teaching programs. *(for general inmate population)*

**JCTV** is the only faith-based channel in the nation dedicated entirely to young adults 13-29. It features a blend of Christian music videos, extreme sports, relevant talk and reality shows, movies, comedy, concerts and more. No profanity or objectionable content. *(for juvenile facilities and inmates under 30)*

**TBN Enlace USA** is America's premier Spanish language faith network. It features more than eighty original inspirational programs originating from a dozen different Latin American nations, as well as the best of U.S. faith-based programs translated into Spanish. *(for Hispanic inmates)*

Now you can offer inmates 24-hour positive programming from the world leader in faith-based television at no cost to you. Your correctional facility can opt to receive up to four TBN Second Chance channels that can be integrated into your current channel lineup completely free of charge through Correctional Cable TV.

## HOW TO ORDER

Simply contact Correctional Cable TV by phone, email or through the website to get TBN Second Chance in your facility.
